Hillside Productions, LLC is a privately owned and operated Delaware Limited Liability Company based out of Manassas Virginia that is focused on developing and producing documentary and scripted productions to entertain with a purpose.

Ryan Frost is the Founder of Hillside Productions. He comes from a background on Capitol Hill serving as one of the youngest full time Congressional Aides in Congress. Moving into the entertainment industry, Ryan spent time with New Regency, Walden Media, and ABC. Over the years he has been able to develop wide range of experience from development to production; film to television; & scripted to documentary. It was in early 2009 that Ryan finally made the decision to go fully independent and launch his own company alongside the development of his now controversial documentary, THE SECOND FRAUD.
